## **CIVIC ENGAGEMENT EQUAL. POWERFUL. UNSTOPPABLE.**

This year, YWCA Spokane's courageous conversation will focus on racial justice issues that pose barriers to civic engagement for communities of color. We will explore how the tools of civic engagement can advance the work of justice in our community and empower people of color.

As we gear up for both Stand Against Racism and the 2020 Census, we can't stress enough the importance of civic engagement in racial justice work. Voting rights, census participation, and civic engagement are, and have always been, core components of racial justice.

It is more important than ever to support full access and engagement for marginalized communities, especially women and girls of color, in the political process.

Our collective efforts can root out injustice, transform institutions, and create a world that sees women, girls, and people of color the way we do:

**Equal. Powerful. Unstoppable.**
