2024 Women of Achievement Table Captain Invitation

Consider modifying and personalizing the below template as needed to reach out and invite friends, co-workers, and family to join you at this year's luncheon.

Dear Friend,

I am excited to invite you to join me in celebrating and supporting women in our community at the YWCA Spokane Women of Achievement Awards Luncheon!

I've already reserved a table at this fundraising event, which is taking place on **March 15th from 11:00AM-1:00PM at the Spokane Convention Center, and would love for you to sit with me!**

This annual luncheon features an inspiring keynote speaker, honors 8 incredible local women with awards for their achievements in different categories, and raises funds through our donations for YWCA Spokane's programs and services for domestic violence survivors, women, children, and families in need. *(Tip: We suggest including some personal information here about why this matters to you and why you are inviting this friend to join you.)*

Originally established with the goal of increasing community awareness and appreciation for the diverse contributions of women leaders in Spokane, this luncheon has now honored over 260 women in the region and has evolved into the YWCA Spokane's largest and most critical fundraising event.

Please let me know if you will be able to join me in celebrating women and supporting YWCA Spokane this March! *(Tip: If you purchased your own table, you'll need to be sure to gather your guests names, emails, and meal preferences to add them to your table in GiveSmart. If you pledged to fill a table and plan to have your guests purchase their own ticket, be sure to let them know they'll need to purchase a \$135 ticket and include your name as the group name when they register so that we can seat them with you.)*

If you have any questions please feel free to reach out to either myself, or the staff at YWCA Spokane by calling (509) 789-9305 or by emailing woa@ywcaspokane.org!

By joining me at this event, you and I will help make a difference in the lives of the individuals impacted by YWCA Spokane. **Together, let's celebrate women and ignite change in our community!**
